Dear The Federal Communications Commission,

FIRST OFF, Get off of the FREE SPEECH shit, wanting to fine each broadcaster half a million dollars PER OFFENSE, when you guys don't even say what is wrong, something that was ok yesterday, is WRONG TODAY??!?! F THAT!!

I can't Listen to HOWARD STERN anymore because of the STUPID SHIT you guys are trying to pull.. please, if you have ANYTHING to say to me, e-mail me. TRE2004@adelphia.net I can't wait till the religious right is gone.. you guys are trying to make this country like iran or something.. NOT GOIN TO HAPPEN!!  
NOW BACK TO THE PRE-WRITTEN RANT....

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

I use my wireless phone for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

chris bogie
